Series Foreword xiii

Clark Spencer Larsen

Foreword xvii

Brenda J. Baker

Introduction: Excavating Childhood from the Skeletal Record 1

Patrick Beauchesne and Sabrina C. Agarwal

PART I: THE BIOCULTURAL STUDY OF CHILDHOOD IN THE PAST

1. The Bioarchaeology of Childhood: Theoretical Development in the Field 33

Raelene M. Inglis and Siân E. Halcrow

2. Biocultural Influences of Total versus Exclusive Breastfeeding: Stable Isotope Evidence of European and Asian Trends for the Last 10,000 Years 61

Jessica Pearson

3. Biocultural and Bioarchaeological Approaches to Infant and Young Child Feeding in the Past 98

Tina Moffat and Tracy Prowse

4. Life, Death, and Burial of Children on the North Coast of Peru: An Integrative and Interpretive Bioarchaeological Perspective (850 BC–AD 1750) 127

Haagen D. Klaus

5. A Childhood of Violence: A Bioarchaeological Comparison of Mass Death Assemblages from Ancient Peru 171

J. Marla Toyne

**PART II: APPROACHES TO LIFE HISTORY AND THE LIFE COURSE IN
TEETH AND BONE**

6. Human Transitions: Current Perspectives on Skeletal Development 207
James H. Gosman, David A. Raichlen, and Timothy M. Ryan
7. Exploring Linear Enamel Hypoplasia as an Embodied Product of Childhood Stress in Late/Final Jomon Period Foragers Using Incremental Microstructures of Enamel 239
Daniel H. Temple
8. Dietary Histories: Tracing Food Consumption Practices from Childhood through Adulthood Using Stable Isotope Analysis 262
Melanie J. Miller, Sabrina C. Agarwal, and Carl H. Langebaek
9. Children of the Revolution: Childhood Health Inequalities and the Life Course during Industrialization of the 18th and 19th Centuries in England 294
Rebecca Gowland and Sophie L. Newman
10. Bioarchaeological Analyses of Children and Childhood from the Kellis 2 Cemetery, Dakhleh Oasis, Egypt 330
Sandra M. Wheeler, Lana J. Williams, and Tosha L. Dupras
