List of Illustrations vii

List of Tables xi

1. Introduction: Site Formation Processes of Submerged Shipwrecks 1

Ian Oxley and Matthew E. Keith

PART I. NATURAL PROCESSES

2. Coastal and Inland Geologic and Geomorphic Processes 17

Ben Ford, Carrie Sowden, Katherine Farnsworth, and M. Scott Harris

3. Sediment and Site Formation in the Marine Environment 44

Matthew E. Keith and Amanda M. Evans

4. Marine Scour of Cohesionless Sediments 70

Rory Quinn, Robin Saunders, Ruth Plets, Kieran Westley, and Justin Dix

5. Corrosion Products and Site Formation Processes 90

Ian D. MacLeod

6. Degradation of Wood 114

David Gregory

PART II. CULTURAL PROCESSES

7. Anthropogenic Impacts of Development-Led Archaeology in an Offshore Context 133

Amanda M. Evans and Antony Firth

8. Quantifying Impacts of Trawling to Shipwrecks 157

Michael L. Brennan

9. Cultural Site Formation Processes Affecting Shipwrecks and Shipping Mishap Sites 179

Martin Gibbs and Brad Duncan

PART III. SITE FORMATION AND HERITAGE MANAGEMENT

10. English Heritage and Shipwreck Site Formation Processes 211
Ian Oxley
 11. Acoustic Positioning and Site Formation on Deep-Water World War II
Shipwrecks in the Gulf of Mexico 235
Daniel J. Warren
 12. The *U-166* and *Robert E. Lee* Battlefield: The Equation of Site
Distribution 249
Robert A. Church
 13. Conclusion 259
Matthew E. Keith
